

## MPC-Lateral angles

hot-dip galvanised

## Application

- Connecting elements for the construction of frames, shelves and wall-mounted installations using MPC-Support channels

## Your advantages

- Creation of solid constructions without welding
- Various mounting options for stable joint and angle connections with MPC-Support channels
- Appropriate combination of elements allows junctions with up to four exit directions
- Great flexibility - a large variety of connections can be made with only a few components
- Quick and simple attachment in combination with MPC-Quick fastener for angle mounting

MPC-Lateral angle, right

MPC-Lateral angle, left

MPC-Lateral angle, double-sided

Type	Design	For profiles	Part no.	Sales unit	Pack unit
90°	double-sided	38/40-40/120	123044	25	Pieces
	left		123056		
	right		123064		

Also available in stainless steel version upon request.
