

## **MPR-Wall hanger brackets**

with lateral slot, galvanised

## **Application**

- Ideal as cantilever support structure for riser pipes
- Applicable in combination with saddle support and channel support brackets as a cross-beam for pipe
- Applicable as a cantilever bracket for supporting air ducts
- For use in dry interiors

## attachments in shafts and ducts

## Your advantages

- The strong base plate ensures a high load carrying capacity
- The vertical and horizontal holes in the base plate allow easy height adjustment of the bracket
- Fixing in the side slot of the support channel allows simple alignment of parallel pipelines
- Clean-cut appearance by the use of MPR-protection caps
