

MPT-Guide

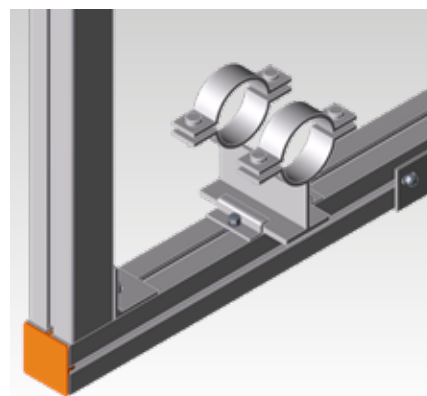

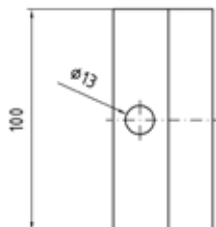

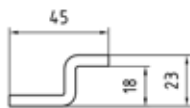

hot-dip galvanised

Application

- Stable hot-dip galvanised and perforated guide plate for fastening heavy pipe slides on the MPT-Support profiles

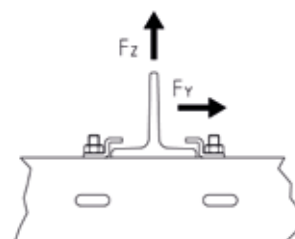

Your advantages

- High corrosion protection due to standardised hot-dip galvanising ensures flexible implementation outdoors and indoors
- The broad support surface offers particularly safe transmission of the clamping forces
- Safe fastening of pipe slides on the MPT-Support profiles

Features

| For profiles | Max. recommended load F_y [N] | Max. recommended load F_z [N] |
|---|---------------------------------------|---------------------------------------|
| Q50-2.5, Q80-2.0, Q100-2.5, Q100-3.5, Q150-2.5 | 2,500 | 2,500 |

| For profiles | Weight [kg] | Part no. | Sales unit | Pack unit |
|---|----------------|----------|------------|-----------|
| Q50-2.5, Q80-2.0, Q100-2.5, Q100-3.5, Q150-2.5 | 0.25 | 135607 | 1 | Pieces |

For fixing a pipe slide two pieces guide angles must be ordered.
