

Girder clamps

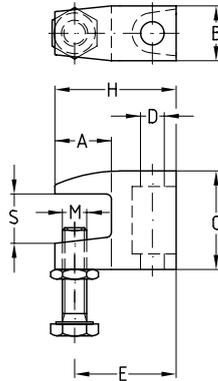

stainless steel

Application

- For attachment of pipelines, air ducts and sprinkler systems on steel girders without welding or drilling

Your advantages

- Attachment on girder without welding or drilling
- Subsequent alignment on the girder possible
- Quick, subsequent height adjustment of the threaded rods at the non-threaded through-hole
- High loading capacity
- For suspension of threaded pins and threaded rods for the attachment of pipe clamps or crossbeams made with MPC-Support channels

Features

| Size | Max. recommended load [N] |
|------|---------------------------|
| M8 | 1,200 |
| M10 | 1,800 |
| M12 | 2,000 |

| Size | Clamping thickness S [mm] | Dimensions [mm] | | | | | | | Material V2A | Material V4A | Sales unit | Pack unit |
