

Slide guides 2.3 kN

stainless steel

Application

- Attachment of pipes with thermal, axial expansion
- A variety of installation possibilities (floor-mount, ceiling-mount, wall-mount)
- Suitable for pipes mounted from above and from below
- Expansion assembly attachment as cross connection for pipe movement in axial and lateral directions

Your advantages

- Flat, compact design for secure mounting in cramped mounting situations
- Large slide travel of up to 76 mm
- High-level application flexibility due to triple connection facilities for pipe clamps
- One or two pipe clamps can be mounted depending on the application

Ceiling installation with steel anchors M8

Upright installation of two slide guides in crisscross arrangement, on a MPC-Support channel
