

Box-section heavy slide guide 7.8 kN

hot-dip galvanised

Application

- Suitable for wall fixing with horizontal or vertical pipes
- Attachment of pipes with thermal, axial expansion
- Variety of installation possibilities (floor-mount, ceiling-mount, wall-mount, rail-mount, cross stay)
- Suitable for pipes mounted from above and from below

Your advantages

- Smooth-running slide guide for heavy loads
- With long slide travel up to 125 mm for pipelines with large changes in length
- Tilt-proof load distribution in standing and suspended installations
- Variable, height-adjustable pipe clamp attachments using threaded pins
- Two pipe clamps prevent jamming and misalignment
- Connection holes for M12 and M16

Features

Max. recommended load [N]

7,800

Max. slide travel
[mm]
125
