

Multi-purpose plugs

Application

- For anchoring in concrete, solid sand-lime brick, brick, natural stone and hollow building materials

Your advantages

- 4-way spreading in solid building materials (concrete, solid sand-lime brick, brick and natural stone)
- Knotting in hollow building materials (gypsum plasterboard, lightweight building boards, perforated bricks) around the screw
- The collar on the head of the dowel prevents it from penetrating too deeply into the drill hole
- Suitable for using wood and chipboard screws

Features

Length L [mm]	Drilling diameter D [mm]	Drilling depth [mm]	Screw length [mm]	Screw diameter [mm]	Max. recommended load				Part no.	Sales unit	Pack unit
